INS PRO GIVES YOU FLEXIBILITY

ARCHIVE INS PRO REPORTS

Feel like your drowning in paper? Tired of filling binders and filing cabinets with reports?  
Need a **faster and more efficient way to get the final figures** from a 500 page report?  
Wouldn't you like to **email copies of the reports** to others rather than circulate paper?  
Want to **Save Time, Money, Paper and Printing Costs?**

The Town and Country **INSurance PRO**cessing System gives you the ability to easily archive **INS PRO** Reports using a PDF print driver.

- No more waiting for the Printer to Finish printing.
- No more wasting reams of paper for just a page or two.
- No more looking for a report on someone else's desk.
- No more filing and archiving volumes of paper reports.
- Printing a report to a PDF file is fast and easy.
- The report file may be renamed for archiving and quick retrieval.
- The report file may be shared and emailed.
- A volume of reports may be archived, backed up and stored on CD.
