## Town and Country Computer Services, LLC INS PRO Credits On-Line Payments Automatically

**INS PRO** Now has the option to accept a file from the financial institution processing on-line payments and to automatically update the Accounts Receivable Open File Items and Accounts Receivable Paid File to reflect the payment.

- Save your company time updating accounts that have been paid on-line.
- Automatically Receipt Credit Card and Check Payments.
- Edit Report provided for review prior to posting.
- Automatic Integration with Cancellation and Reinstatement Letters.
- Automatically Updates Policy Name and Address Policy Status Codes when applicable.
- The **INS PRO** interface uses the Standard MAM File Format.

Contact your Financial Institution and request the ability to download a Mini Account Master File (MAM).

This is basically a snapshot of your customer base that includes information such as: the Transaction Date, Policy Number, Amount of the Payment, Credit Card Type, Payer Name and Payer's Email Address which will be reported to **INS PRO**.
